West Jersey and Seashore Train Struck
a New Jersey Central Train and
Fearful Wreck Was the
Result.

Camden, N. J., July 22.—Two lives were sacrificed today because of the failure of a flagman to attend to his duties at the crossing of the West Jersey & Seashore railroad and the Central railroad of New Jersey north of Bridge Junction this morning. Two freight trains came together in a fearful collision at the crossing, and brakemen Heints and Engineer Peacock of the West Jersey & Seashore railroad were killed, being caught in the debris and their bodies being crushed.

Flagman Crossman was absent from his place of duty, and that was responsible for the wreck.

FAILED TO AGREE AT
WHITE HOUSE DINNERConference Ended at 11:30 Last Night
With Disputes Over Raw Materials
No Nearer Settlement.

Washington, D. C., July 22.—The White House dinner and conference, at which tariff conferences and the President's close advisers were brought together last night in the effort to settle differences regarding the tariff bill, ended at 11:30 o'clock with the disputes over raw materials no nearer adjustment than they were before the dinner invitations were issued.

Only one question was determined beyond appeal and that was that the conference will have to settle their own differences. Pains were taken, however, to convey the impression that this decision is not indicative of any absence of appreciation of the President's efforts. It merely confirmed what the "elder statesmen" had asserted from the first—that tariff making is trading, and the shrewdest dealer and the strongest section is bound to get the best of the argument. That this truth is responsible for the insurgent movement in the House and Senate and partly revolts in middle western states does not alter the situation.

Briefly stated, the representatives of the House and Senate practically admitted that they were unable to forecast the outcome. Senator Aldrich spoke for the Senate and Speaker Cannon and Representative Dwight, the republican whip, for the House.

Mr. Dwight spoke of the insurgent movement organized by the "anti-free-trade-material" faction in the House, but he was not ready to estimate the strength of this element. Representative Payne expressed the opinion that all of the report carrying free from one coal, hides and oil could be adopted in the House but he said that he had not canvassed the situation.

Senator Aldrich was very positive in the opinion that such a report would fail in the Senate, but he thought there could be reductions made in the Senate rates with perhaps iron ore and oil transferred to the free list, without endangering its adoption.

Apparently the President realized that the time had not yet arrived to call for a decision on the subject of raw materials. It is stated that he did not press the representatives of either House or Senate for more definite statements of the situation in the respective branches of Congress.

The customs court and the corporation tax amendments were discussed at length. Most of those present agreed with President Taft that the customs court should be situated in Washington, since it is to be a court of appeals, whose decisions will be final.

TWO MEN SHOT
IN STRIKE RIOTGovernor of Wisconsin Asked to Send
Troops to Kenosha Where Tannery
Men Are Out.

Kenosha, Wis., July 22.—The strike at N. R. Allen & Sons tannery resulted in a riot today when two men were shot. The sheriff admits that he cannot control the mob and asked the governor for troops. Colonel Otto Faulk is coming from Milwaukee to investigate and if he says it is necessary the governor will order troops here this afternoon.

HIS ARM GIVING OUT.

Jack Chesboro, Highlander's Pitcher, Going
The Way of All of Them.

New York, July 22.—Jack Chesboro, one time premier pitcher of the country, will probably retire from base ball unless he is claimed by one of the major league clubs within a few days. Waivers on the once formidable twirler have been asked by the New York American league club, and as Chesboro is well-to-do and has a prosperous lumber business in Conway, Mass., he will probably quit the diamond.

Chesboro has been unable to regain the cunning of his arm that made him a terror to the batsmen of the National league when he pitched for Pittsburgh and when he pitched later with the local club of the American league.

VERMONT GIRL MURDERED.

Minnie Charbonneau Killed By Her
Lover at Fort Leavenworth, Kas.

Essex Junction, July 22.—Mr. and Mrs. Louis Charbonneau received a telegram Tuesday stating that their daughter, Minnie, had been shot at Fort Leavenworth, Kas. A second telegram said she was dead. She was about 22 years old and had been married to Edward Deming from whom she had obtained a divorce. She had worked at Fort Ethan Allen and last spring went with an officer's family to Fort Leavenworth. Several sisters and brothers survive besides her parents.

A dispatch from Leavenworth Kas., says: Private Charles O'Neil of the 13th infantry, a military prison guard, shot and killed Miss Charbonneau, his sweetheart, in the presence of army officers and their wives at Fort Leavenworth shortly before noon Tuesday. He escaped from the guards, but was recaptured.

O'Neil was jealous of the girl and called at the home of Capt. Charles N. Murphy, where she was employed as a maid, shortly after reveille and tried to quarrel with her. O'Neil then went to Leavenworth and purchased a double action revolver and called on the girl a second time at Captain Murphy's home at seven o'clock.

He displayed the revolver and told the girl he intended to kill her and himself with it. She ran upstairs to Mrs. Murphy's room and locked herself in while Mrs. Murphy telephoned for help.

O'Neil was away before Lieut. Russell Hand, the officer of the day, arrived with a detail of soldiers, but was captured on the West End parade and taken to Captain Murphy's home while the girl was asked to step to the front door to identify the prisoner.

Fired Under Officer's Arm.
O'Neil had the revolver concealed in his coat, and pulling it out unnoticed shot under Lieut. Hand's arm and killed the girl. He shot four times before the officers and soldiers could overpower him.

Mrs. Murphy escaped a bullet by dodging behind a door.
O'Neil was rushed to the guard house and at one o'clock was taken out with a squad of petty prisoners to be shackled in the blacksmith shop. He broke and escaped in the hands of Sheridan's drive. Soldiers and guards in the towers of the military prison tried to stop him with long shots, but failed.

A general call was sounded and within ten minutes a squadron of cavalry, mounted engineers and two battalions of infantry were moving.

The cavalry rode out on a gallop and patrols were established in the west of Sheridan's drive to prevent his getting out north or west. Infantry formed in long skirmish order on the river bank and to the south of the city limits.

Driven From Cover.
After a hunt of five hours, when O'Neil saw that he could not stay in the timber he started to sneak along the river bank to gain Merritt lake. He was noticed by a trooper, who rode quickly. O'Neil jumped into the lake and made a pretense at drowning himself. The soldier leveled a rifle and made him come out and marched him up McClellan avenue to the guard house as the recall was sounded.

The soldiers came in on the double-quick and gave hearty cheers over capturing the murderer. They are exceedingly bitter against O'Neil for the disgrace he has brought on the uniform and will pay Miss Charbonneau's funeral expenses and send her body back to her parents in Essex Junction.

BIG TROPICAL STORM
SWEEP MEXICAN COASTGalveston Was Saved by Its Big Sea
Wall, But Other Ports on the
Coast Suffered Greatly.

Galveston, Texas, July 22.—Searching parties are seeking the bodies of ten people supposed to have been drowned when the storm yesterday swept away Bettison's pier. No one in the city itself was killed. They expect the bridge to the mainland will be repaired before night.

Galveston, Tex., July 22.—Ten lives were lost so far as is known in a hurricane that swept over the Gulf of Mexico and struck Galveston yesterday and then continued inland. While the city of Galveston was held safe against the fury of the storm by the \$2,000,000 sea wall seven miles in the gulf, on Tarnpo Fishing pier, where the storm whipped over the jetty into the bay, ten persons were washed from the rocky promontory into the gulf.

Part of the island, on which the city is situated, was again inundated, the over-flowing sea waves reaching a height of seven feet or more. That portion of the island which has been protected, suffered comparatively little harm. No lives were lost, and the property damage is not large.

Sweeping westward, the tropical storm which has been central over the Gulf of Mexico for 24 hours, struck Galveston shortly after eleven o'clock. The wind attained a velocity of 68 miles an hour and shifted to the northwest, heaving the waters of Galveston bay up against the island and beach, which was protected, suffered comparatively little harm. No lives were lost, and the property damage is not large.

A hurricane for East Texas was forecasted at the district weather bureau in New Orleans early yesterday morning and warnings were sent out. When wind and rain arrived several hours later, they found Galveston prepared. The inhabitants of the few scattered houses in the lower part of the island had already sought safety, and the vessels that had cleared and had prepared to sail were riding at anchor in the bay.

Accident on Launch.

Provincetown, July 22.—A boiler tube on the launch tender of the Pacific employed today fatally mangled first-class gunners mate George Brown. The sail engine broke in the door into the steam-bell engine room and dragged Brown out at the risk of his life.

BODY CRAMMED
INTO TRUNKMurder Mystery Uncovered
at Lynn, Mass.

AN UNKNOWN MAN KILLED

Police are Looking for Frank Jones in
Whose Rooms the Body was Found
and Who Left on Monday.

Lynn, Mass., July 22.—The body of an unknown Greek or Armenian with a bullet wound in the chest was found crammed into a trunk in the lodging-house of Beale Robbins today. It was in rooms which were occupied by a lodger named Frank Jones, who left Monday saying that he would return soon.

Mrs. Robbins noticed the odor about the room and notified the police of her suspicion. The police investigated and found the remains of the man.

A general alarm was at once sent out for Jones who is a shoemaker and who has lived in the house for two years. Among the papers of the victim they found the name Mina Morjigan and a note directing that in case of accident Lewis B. Adams of Jamaica Plain be notified. The motive for the crime is a mystery.

ATTAINED GREAT SPEED.

Orville Wright Went Nearly a Mile a
Minute in Aeroplane.

Washington, July 22.—In two short flights in the Wright aeroplane last evening at Fort Myer, Va., Orville Wright closely approached the world's aeroplane speed record, attaining an average velocity of 54½ miles an hour, as computed by Wilbur Wright.

On the first flight the air craft remained aloft only one minute and 39 seconds, the aviator being forced to descend by losing a cog wheel on the magnet after making his second round of the course. On his second flight the aeroplane swiftly cleared a dozen times around the course, which is five-sixths of a mile in circumference. Certain changes in the gearing of the motor and propellers which were intended to give the machine a higher speed had been effected earlier in the day.

The Wright brothers had decided to give this speed change only a 10 minute trial yesterday and the aviator brought the aeroplane to the earth after 10 minutes and 30 seconds in the air.

Attracted by the promise of a good flight from the accounts of Tuesday's record breaking flight, an even larger crowd than yesterday was present. Secretary of War and Mrs. Dickinson, Secretary of State Knox, the French Ambassador and Madame Jasseron, Major-General, Brigadier-General, Witherspoon, acting chief of staff of the army and a number of other notable persons witnessed the flights.

London, July 22.—Emaciated and scarcely able to walk six suffragettes were released from Holloway jail today owing to their refusal to eat. They were borne through the streets by their cheering comrades. They claim they were besting for fasting food.

Soon after his release it was found that the suffragettes were being released soon to prevent them from voluntarily starvation.

WANTED IN NEW HAMPSHIRE.

Frank Edwards Captured By Four
Sheriffs at Hartford.

Concord, N. H., July 22.—Through the combined efforts of the Manchester and Concord police and Sheriff Smith of this county, Frank Edwards was arrested yesterday in West Hartford, Vt. He was wanted on charges of larceny of clothing and forging checks on Hooksett, N. H., people.

Edwards was arrested on suspicion by the local police a week ago. He was held for several hours and after the Hooksett police said they had nothing against the man, he was released.

Soon after his release it was found that Hooksett people did want him. He was found in a lumber camp 12 miles from the railroad station, and was taken in the hands of Sheriff Smith and three Vermont sheriffs, who assisted.

Edwards is known in Vermont as a desperate character. He escaped from jail in Elizabethtown, N. J., and was captured near Hartford. At that time there, broke away the second time and Edwards was overpowered with difficulty. He contested his return to New Jersey, and after his return to jail is now wanted in that state.

SHOT AT BURGLAR.

But Didn't Hit Him as He Fled Across
The Lawn.

Burlington, July 22.—There was an attempt made at an early hour yesterday morning to burglarize the home of N. R. Tracy of North Champlain street. The thief apparently crept the veranda roof and started to put his foot into a bedroom window. Leon, the fifteen-year-old son of Mr. and Mrs. Tracy, having a revolver near him, picked it up and shot at him in a true "Nick Carter" fashion. The burglar evidently was not struck by the bullet for he was seen running across the lawn into the street. This is not the first attempt to burglarize about town within a short time. Several evenings ago some one stole some articles of clothing from the back veranda of the home of V. A. Bullard on South Union street, and attempted to gain access to the house.

Hinesburg.

Burlington, July 22.—M. D. Tilley of Hinesburg was arraigned before United States Commissioner Martin G. Vilas of this city Tuesday and admitted to \$250 bail for appearance in federal court on the charge of violating the federal law regulating the sale of meats.

The arrest was made by Deputy Marshal Thomas Reeves of this city on complaint of Ralph O. Brock, inspector for the bureau of animal industry. The specific charge against Tilley is delivering to the American Express company for delivery on March 1, 1909, the carcass of a calf under three weeks old, which was unhealthy and unwholesome for human consumption.

FIVE LEAP FROM
AUTO HIT BY TRAINFour Women in Somerville Car That
Crashes Through Gates in
Weston.

Boston, July 22.—Less than 10 seconds after five Somerville people jumped from an automobile after crashing through the gates on the Boston & Maine railroad crossing at Stony Brook, Weston, yesterday afternoon, the car was demolished by an express train running 45 miles an hour.

The automobile was owned and operated by T. E. Blake of West Somerville. In the car with him were Mrs. Blake, Mrs. W. W. Field and daughter and Mrs. C. W. Deets, all of Somerville. No one was hurt.

Mr. Blake was badly shaken up and one arm was cut. The women were badly frightened and were affected by the nervous shock.

Mr. Blake maintained after the accident that the gates were not lowered by Station Agent Guy Trust in time for him to stop before crashing through them. He said that if the gates had been down he could easily have stopped the car.

Station Agent Trust says the gates were down in ample time and that Mr. Blake could have stopped if the brakes on the automobile had worked.

The party was on the way from Weston to North Andover. It was found at the foot of an incline, and there is a curve in the railroad just west of the street.

STORE BURNED,
LOSS \$7,500Samuel Buell of South Strafford
Lost Last Night

ORIGIN IS NOT KNOWN

Building in Which Store Was Located
Was Over a Century Old and Was
One of the Landmarks of
The Village.

South Strafford, July 22.—The general store owned by Samuel Buell in this village was totally destroyed by fire at 10 o'clock last night entailing a total loss of about \$7,500. The post office was also located in this building, but most of its equipment together with the accounts and books of the store business were saved.

Most of the goods in the store were totally destroyed. The exact origin of the fire is unknown, but it apparently caught in the second story and had gained considerable headway before being discovered.

Many men arrived in a few minutes after the alarm was given but they saw in a short time that there was no chance to save the store building and they gave their entire energy to keeping the flames from spreading to nearby buildings, the roofs of which caught fire.

The loss of this building means the loss of one of the oldest landmarks in the town as a part of it was built over 100 years ago, having since been rebuilt.

NOT LEON CUBURN.

Dead Man in Portland, Me., Was Some-
body Else.

Word was received today which disabused friends in Montpelier who had received messages stating that Leon Cuburn of that city was dead in Portland, Me., as the result of a revolver shot. The message received today stated that the body was that of a man named Colton instead of the Montpelier man.

Cuburn is the man who is said to have attempted suicide by shooting at Montpelier about three weeks ago. He left within a few days after this and his whereabouts have been a mystery ever since.

In the former case the state had summoned about ten witnesses and when time came for the hearing the defendant waived examination and was bound over to county court under bail of \$300 which was furnished. In the second case it was recommended that the case be not pressed and that action was taken.

EASY WIN FOR JACK GRACE.

Wrestler "Hackenschmidt" Complained
Of The Sun and Grace Agreed it Was Hot

A fair-sized crowd gathered at the Rangers field yesterday afternoon to witness the catch-as-catch-can wrestling match between Jack Grace of New York and Young Hackenschmidt of Boston. Hackenschmidt won the first fall, but Grace got the next two in short order and was awarded the match. The men are about of a size and apparently about evenly matched as far as strength and knowledge of the game goes. Both were handicapped by the broiling sun which burned both considerably before the play at the start and Hack forced the play at the start and several times had the New York boy's shoulders to the mat, but was unable to hold them the instant necessary in pin-fall wrestling. The men worked for 20 minutes, with neither gaining any advantage, until at the end of 23 minutes Hackenschmidt got Grace in a full body hold, out of which he was unable to wriggle and the referee awarded the fall to the Bostonian.

Grace forced the action in the next bout and got Hack in a full leg nelson at the end of six minutes, winning a fall. The grilling sun had told on both men when they took their places for the deciding bout and neither worked with the vim that they showed at the start. The bout was a repetition of the second and when Grace got the Boston boy in a full leg nelson at the end of seven minutes it was all over.

The preliminary bout which was between Louis Jacques and Charles Bixby, both of this city, was announced to be a handily affair in which Jacques was to win, must throw Bixby twice in 20 minutes. There was nothing to it and Bixby got the best of his heavier opponent and pinned his shoulders to the mat with a double bar hold at the end of six minutes.

At the end of the main bout Young Hackenschmidt announced that he wished to challenge Grace for a return match within a short time for a side bet. In this challenge Hackenschmidt stipulated that the match should not take place in the sun. Grace promptly accepted the challenge and it is expected that a match will be arranged for the near future. The refereeing yesterday was a sort of retrospectively affair, Grace refereeing the preliminary while Bixby officiated in the main bout.

The base ball game was between teams captained by Ernest Verner and John Sactor. Verner's team won the game, or is supposed to have won the game, but the official scorer himself is not quite certain just what the final tally amounted to.

Many of the picnickers had their supper at the pavilion and did not return to their homes until evening.

The committee in charge of the picnic was Mr. and Mrs. J. W. Vaughan, H. K. Bush, Mrs. Walter Williams, Mrs. S. N. Parker, Mrs. W. D. Reid, Mrs. L. R. Rickert and the teachers of the Sunday school classes.

BRAVE TRIES AT RESCUE

George Grant Secured Body After Sev-
eral Of The Lads Companions Had
Failed to Get Young
Corey Ashore.

Nasv Corey, aged 14, son of Isaac Corey of Brooklyn street extension was drowned in the Stoven's branch back of the Stratton granite plant at noon today, while several men not courageous enough to enter the water stood by. George Grant, employed at Stratton's plant, rushed into the water, however, as soon as he arrived and pulled the lad to the shore, but too late to save his life.

Young Corey was swimming at what is known among the boys as the "Three Corners," and Cedric Carwell, son of Mr. and Mrs. William Carwell, and B
